Unlisted Telephone Number High-Speed Notification System
Registration Form

The Office of Emergency Management (OEM) is requesting that residents with unlisted telephone numbers provide them to the OEM for use in the City's high-speed notification system. **Submission of such phone numbers is strictly voluntary. However, if the OEM does not have your telephone number, you will not receive emergency information and special announcements by telephone.** The system is called *The Communicator*. The notification system issues emergency information and special announcements via computerized telephone calls. The unlisted numbers may be from either land-based or cellular telephones. Respondents should fill out the items below and mail the form to:
