## EDUCATION

HUDSON COUNTY ECONOMIC DEVELOPMENT CORPORATION  
and HUDSON COUNTY COMMUNITY COLLEGE  
In Partnership with BAYONNE UEZ/SID presents:

# OBTAIN AN EDGE TO SUCCEED IN BUSINESS

**DATE:**  
Wednesday June 5th, 2019

**LOCATION:**  
630 Avenue C,  
Bayonne NJ 07002  
City of Bayonne, Council Chambers

**TIME:**  
9am to 11am

Are you a business or non-profit organization, operating for more than one year? If you are, we invite you to attend an information session to hear about free training for you and your employees.

Training provides employees with an opportunity to learn and grow. Businesses that provide training are able to retain their valuable workers, increase revenue and profit.

Attend this session to hear about free and customized business skill training for your employees. This is an opportunity to strengthen your team by improving their skills in the areas of: team building, problem solving, conflict resolution and time management.

And in addition, we will talk about free training in: Microsoft Office, Customer Service, Business Writing, English as a Second Language (ESL), Math and others.

So, come and tell us what type of training you are interested in obtaining and we'll design a program for you: free or custom - designed to suit your needs.

Classes are led by expert instructors and can be scheduled at your location at times that work for your business.

For more information about training, contact Aycha Edwards - [aedwards@hccc.edu](mailto:aedwards@hccc.edu)
