August 2025

Dear Valued Customer:

This letter is to notify you that PSE&G will be upgrading the electric and Gas systems in your neighborhood. The planned upgrades will enhance the electric transmission system’s reliability, while helping to ensure safe electrical and gas services to residents and businesses in Bayonne and neighboring communities.

The current table below outlines the dates and locations where PSE&G crews will be working. The construction work will include both overhead and underground work. Please note that work hours may vary depending on permitted schedules, weekends, special events and holidays.

Safety is our highest priority. All material and equipment will be left on site and will be safely closed off. Therefore, it is essential that you and everyone using the local streets, including children and pets, refrain from going near our construction work zones.

Gas Construction	No Gas construction work at this current time	<b>Day work (7am – 5pm)</b>	<b>Construction not set to begin until mid-September, gas construction will reconvene on Ave C, beginning at W27th Street.</b>
Electric (Underground) Construction	Oak St. and Linnett St.	<b>Day work (7am – 5pm)</b>	<b>Effective August 25 2025, crews will be in the area until early September 2025</b>
Electric (Overhead) Construction	Avenue E, and E12 <sup>th</sup> St. (nights only) along with E30 <sup>th</sup> St, and E46 <sup>th</sup> St.	<b>Day work (7am – 5pm)</b>	<b>Effective August 25 2025, crews will be in the area until mid-September 2025</b>

Should you have any questions, please call us at **1-877-462-0005**. PSE&G is coordinating with the Bayonne Police Traffic Unit to minimize any inconvenience. Please abide by the Emergency No-Parking signs, as they will be posted 48 hours before work is scheduled to begin on each street. PSE&G will then have their contractors restore roads with permanent paving in accordance with town/county ordinances and paving requirements.

Thank you for your understanding and patience as we improve electric service and reliability for the region.
