

## We Are Coming Back to Restore Your Roads.

Thank you again Bayonne for your patience throughout our important upgrades. These critical work upgrades will increase both your gas sustainability and electric reliability throughout your town and surrounding communities. Read below to learn more about remaining work in your area.

Milling and paving activities are scheduled to start on or around **September 15<sup>th</sup>, 2025**, weather permitting. On milling and paving days, we strongly encourage avoiding Avenue C whenever possible due to construction related concerns. Alternative routes are available (JFK Blvd, Avenue B, etc.), as well as we highly encourage planning ahead to minimize delays.

As with any construction project, you will experience changes in traffic patterns, loud noise and the presence of heavy equipment and machinery. Typical work hours are between **7 a.m. through 7 p.m., Monday through Friday**. Schedules are estimates, weather dependent, and subject to change. Please abide by all “No Parking” signs as they will be posted 24 - 48 hours before work is scheduled to begin on each street.
