Bayonne Asks Organizations to Register for Trap-Neuter-Release Program

Municipal Services Director Suzanne Cavanaugh announced that organizations that operate trap-neuter-release programs in Bayonne must register their cat colonies with the Health Department. Director Cavanaugh said, “We want to ensure that all applicants are in compliance with Health Department procedures. All those who are trapping cats must register their colonies with the City of Bayonne, so that we can keep track of their activities.”

Registrations must be filed with Health Officer Michele O’Reilly. Please email requests for registration to MOREilly@baynj.org or call 201-858-6355.

Feral cats can be trapped for pick-ups on Thursdays. Assistance is available for novice trappers. Trapping and pick-ups must be coordinated through the Bayonne Health Department. Please call 201-858-6100. The Health Department

will coordinate pick-ups and drop-offs with the Animal Control Officer at the New Jersey Humane Society.

Director Cavanaugh concluded, "We appreciate everyone's anticipated cooperation in making this program successful."
